2. Policy Statement

It is the responsibility of all members of the North Severnside Benefice to give paramount importance to the nurture and care of children, young people and vulnerable adults, in a safe and secure environment. It is about preventing harm to children and adults wherever possible.

We recognise that:

- The welfare of the child, young person or vulnerable adult is paramount.
- Everyone has different levels of vulnerability and each of us may be regarded as vulnerable at some time in our lives
- All children, young people and adults who may be vulnerable (regardless of age, disability, gender, marriage and civil partnership, pregnancy, maternity, race, religion or belief, sex or sexual orientation) have the right to equal protection from all types of harm or abuse which can occur in all families and communities.
- Working in partnership with children, young people, vulnerable adults and their parents, carers and other agencies is essential in promoting their welfare.

We will develop a culture in our churches that:

- Enables a safe and caring community to provide a loving environment where there is a culture of 'informed vigilance' as to the dangers of abuse.

3. Who is a child, young person, adult who may be vulnerable?

Children and young people: for the purposes of this policy, means anyone under the age of 18 years. Children and young people may be abused by an adult or child, male or female. It is far more common for a child or young person to be abused by a person known to them than by a stranger. This could be a parent, family member, friend, teacher, minister or anyone else. Children may be abused in person or via electronic media, they may experience harm as a result of seeing or hearing the abuse of others.

Where conflicts of interest arise between the welfare of the child and that of adults, the child's wellbeing must always be of paramount importance and priority.

Adults who may be vulnerable: The Care Act 2014 defines an adult to whom statutory safeguarding duties apply as an adult who:

- *Has needs for care and support (whether or not the Local Authority is meeting any of these needs)*
- *Is experiencing, or at risk of abuse or neglect*
- *As a result of those care and support needs is unable to protect themselves from either the risk of or the experience of abuse or neglect.*

(Care and Support Statutory Guidance, 2016)

The definition may apply to anyone 18 years old and over who may not be able to protect themselves from abuse, harm or exploitation, which may be by reason of illness, physical, sensory or learning disability or impairment, mental illness, use of drugs or alcohol. Increased vulnerability may be temporary or permanent and may be visible or invisible.

An adult may be abused or neglected by family (including spouses, parents and children), friends, carers (paid and unpaid), strangers and professionals and members of the community. Those at risk may live alone or may live with family or in a care setting e.g. residential home.

4. What is abuse and neglect?

Please see the table attached as **Appendix 2** This outlines the forms of abuse noted in legislation related to safeguarding children, young people and adults alongside some examples and potential indicators that abuse or neglect may be occurring.

5. What to do if you are concerned that abuse or neglect may be happening

You may see or hear something of concern or someone may tell you something of concern (a disclosure). If a child, young person or adult tells you that they have experienced abuse, are experiencing abuse or are concerned that they may be at risk:

Do	Don't
Listen. Try to move to a quiet space if possible	Tell them to speak to someone else
Let the person talk at their own pace and say what they want to say. If you need to clarify points ask open questions like: Tell me.. what happened, Explain ... about the incident Describe ...where it was , what happened	Investigate. Ask leading questions e.g. why did they do that, was it 'name', did it hurt you?
Take it seriously	Try not to react as though unbelieving or shocked
Reassure. Confirm they are doing the right thing by telling you.	Tell them not to tell stories
Tell them you need to share the concern with the right people e.g. Parish Safeguarding Officer, police, social care	Promise to keep a secret or tell people who don't need to know.
Record what was said and the facts as accurately as possible as soon as possible	Try to just remember it
	Contact the person the allegation is about

Whether a child, young person or adult has shared a concern with you or you have seen or heard something of concern...

Note: Anyone can report a concern directly to police or the Local Authority at any time.

The Benefice of North Severnside hopes that all will follow this policy but where there is any concern that an issue has not been reported and should be or any reluctance to inform the church of an incident the Benefice of North Severnside wishes to make clear that the most important point is that those concerns are reported to the appropriate authority so that they can be acted upon where needed.

If there is an allegation that a person in a position of trust (minister, PCC member, staff member or volunteer) has abused or neglected a child or adult or that such a person may present a risk to a child or adult: The Diocese of Bristol 'Allegations Management Procedure'² will be followed (copies of this procedure can be found on the Diocesan website and copies are held by the Benefice Safeguarding Officers, Clergy and in the Parish Office). In brief this procedure requires that:

- The concern should be reported as above; report should reach police and Local Authority within 1 working day.
- The concern should not be made known to the person against whom the allegation is raised without agreement with police and or the Local Authority.
- Next steps will be decided in conjunction with police, Local Authority representatives (including Local Authority Designated Officer where there is a concern for the welfare of a child), the Diocesan Safeguarding Adviser and parish representatives (usually PSO, Incumbent and Churchwardens).

If a person is identified who has a caution or conviction for abuse of children and or adults who may pose a risk to others: (usually those with convictions for sexual or violent offences) the Diocese of Bristol guidance 'Ministering to those who may pose a risk'³ (Copies of this guidance can be found on the Diocesan website and copies are held by the Parish Safeguarding Officers, Clergy and in the Parish Office) will be followed. In brief this guidance advises that the Parish Safeguarding Officers and Diocesan Safeguarding Adviser are made aware and that the individual is informed that:

- And that a written agreement will be needed between the individual and the Church which agrees when the individual will or will not be involved in church services and activities, boundaries of behaviour and support offered.

6. Confidentiality and consent

Confidentiality: The North Severnside Benefice accepts the principle that only those with a need to know should be made aware of safeguarding concerns or other confidential information. All staff, ministers and volunteers are expected to share confidential information appropriately and to ensure that written records and verbal information is shared responsibly and stored securely.

Consent: The North Severnside Benefice accepts that all people have a right to make their own views and wishes known and that these wishes should be followed wherever possible.

Children: Where there is a concern that a child is experiencing or at risk of abuse or neglect they may ask those that know not to tell anyone. The North Severnside Benefice accepts that we cannot do this; these concerns must be reported to the appropriate authorities to enable the child or young person to receive appropriate help and support. The North Severnside Benefice asks all staff, ministers and volunteers to explain this to children in their care when appropriate. Where there is concern that a child is experiencing or is at risk of abuse or neglect. The North Severnside Benefice expects that parents and carers will be communicated with and will have their consent sought for information to be shared with the Local Authority or other agencies. This should happen except where there is concern that to do so would place a child at increased risk or where a parent or carer may be involved in the sexual abuse of the child. In those circumstances advice of the Local Authority or police should be sought before informing the parents or carers of the concern. Where the allegation is against an individual who may have access to other children or vulnerable adults the referral should be made without seeking consent from parents or carers - how they are made aware of the concerns will be decided alongside statutory agencies.

Adults: Adults have the right to make their own decisions about their lives. Consent should be sought from an adult before information is shared about them. However, where an adult withholds consent for a safeguarding concern to be shared with statutory authorities (police and local authority), this should be accepted except where there may be others at risk (e.g. is the abuse or neglect is happening in a care home or hospital or the abuser has access to other vulnerable adults or children) or where there is reason to doubt that the individual has capacity to make that decision or where there is imminent risk of serious harm. Advice should be sought from statutory services (Adult social care or police) or the Diocesan Safeguarding Adviser where there is any doubt as to whether a concern should be referred.

7. Record Keeping

Records of all safeguarding concerns will be kept by the appropriate Parish Safeguarding Officers. They will keep a record of the initial concern and all actions taken. The records will be securely held a locked safe box which is located in The Viacarage, Greenhill Road, Alveston. All those involved with any safeguarding concern must ensure that they provide to the appropriate Safeguarding Officer any records related to that case for secure storage.

Records will be retained as per Church of England guidance 'Safeguarding Records: Joint Practice Guidance for the Church of England and the Methodist Church' 2015⁴ (Available on the Diocese of Bristol website).

The North Severnside Benefice does not have access to secure email systems. Therefore, great care should be taken where email is used to ensure that confidential information is not open to being accessed by unauthorised individuals. Individual's confidential information should not be communicated via email (e.g. any information should not make the individual identifiable by name, address etc.).

Records must be maintained of staff and volunteer training and DBS checks. These will be maintained by the St Helen's PCC Secretary.

Photographs and videos

It is the policy of The North Severnside Benefice that no one should take photographs of children or young people without the written consent of that child's parent or carer and the consent of that child where they are old enough to give consent.

Where photographs are to be taken consent will be gained from parents and carers in advance, using the agreed form. This will stipulate: who will take photos, for what purpose they may be used, how they will be stored and after what period they will be destroyed.

All photos and videos taken for The North Severnside Benefice should be stored securely on devices belonging to PCC. No photo or video should be left stored on personal photography or videography equipment.

No photo will be taken, shared or used for any purpose which shows a child in any state of undress.

Children will not be named in publicity related to photographs or video.

Where an event may be photographed and is open to the public; signs will be displayed noting that photographs and or video may be taken and inviting anyone not wishing to be in any photos or video used to make this known to a named person. The photographer/ videographer will be named on these signs and will wear ID.

Communications and Social Media

It is the policy of The North Severnside Benefice that no one employed on a paid or voluntary basis, serving as a PCC member or as a licenced minister will contact children or young people directly via social media, email, phone or text without the knowledge and consent of that child or young persons parent or carer.

Where such contact needs to be made (for example a text to advise of a change of time for an activity) the child's parent or carer will be asked for consent in advance and the parent or carer will be copied into that communication.

Very rarely contact may be made with a child or young person without the knowledge of the child's parents or carers (for example where there are serious safeguarding concerns for a child and it would increase the risk to the child to contact the parent). In this case the person making contact with the child must agree in advance with one of the Parish Safeguarding Officers that this is appropriate, a second adult should be copied into all communications e.g. Parish Safeguarding Officer or Incumbent and must keep a record of all communications and provide these to a Parish Safeguarding Officer for the case record.

Where a group wishes to have a social media account to publicise or communicate regarding their group or activity the following will apply:

- The account shall not be a personal account belonging to any group member or leader; it will be a separate group account.
- More than one adult will be administrator for the account so that all content and messages can be seen by more than one adult.
- All users will be made aware that bullying, harassment or other anti-social behaviour will not be tolerated. Information will be available to all users about how to raise a concern about the conduct of others and who with. **WHERE IS THE INFORMATION TO BE FOUND**
- Steps must be taken to prevent people outside the group having access to the names or personal details of anyone who is part of the group e.g. if a group Facebook page is used, the account settings should prevent group members being identified and any message sent to anyone other than the administrator.
- All those in a leadership role will ensure that their language is professional and appropriate e.g. not adding 'xx' to messages, not using nicknames that are not what the leader is called by everyone else, avoiding addressing others by endearments which would be ambiguous, such as 'love'.

Some Additional Information:

Child Sexual Exploitation: All children and young people can be at risk of sexual exploitation. This includes boys and girls of any age. This is a form of sexual abuse. Whilst young people can give consent to sexual acts from the age of 16 (so long as they have the capacity to do so) they continue to be a risk of sexual exploitation beyond their 16th birthday. **Any concern that a child or young person may be at risk of or experiencing sexual exploitation must be reported immediately to Children's Social Care or the police.** Sexual exploitation of children and young people under 18 involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive 'something' (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships

being characterised in the main by the child or young person's limited availability of choice resulting from their social/economic and/or emotional vulnerability.

Female Genital Mutilation: Female genital mutilation (sometimes referred to as female circumcision) refers to procedures that intentionally alter or cause injury to the female genital organs for non-medical reasons. The practice is illegal in the UK. It has been estimated that over 20,000 girls under the age of 15 are at risk of female genital mutilation (FGM) in the UK each year, and that 66,000 women in the UK are living with the consequences of FGM. However, the true extent is unknown, due to the "hidden" nature of the crime. The girls may be taken to their countries of origin so that FGM can be carried out during the summer holidays, allowing them time to "heal" before they return to school. There are also worries that some girls may have FGM performed in the UK. Any concern that a child or adult who may be vulnerable may be at risk of FGM must be reported immediately to the relevant Local Authority or directly to police.

Terrorism and Extremism: Any person may become drawn into extremism or sympathy with such views and into terrorism. This will often happen through contacts made via the internet but a culture that supports this can develop in any community, group, school or faith organisation. The Counter-Terrorism and Security Act 2015 places duties on certain bodies, not including Faith Organisations (excepting where such an organisation runs a school or other relevant premises) to have due regard to the need to prevent people from being drawn into terrorism. Everybody should be alert to any indication that a person or group may be developing or has developed an interest or ideology that may include harm to others. **Any concern related to this whether for a child or adult must be reported to the police without delay.**
